

Data breach notification

Please use this form to notify a personal data breach that has occurred in Sweden and does not affect individuals in other countries.

Fields marked with an asterisk (*) must be filled in before submitting the application.

Supplementary information

If you are not able to answer all the questions at this stage, you may provide supplementary information later on but it is important that we receive the information without undue delay. If we don't receive any supplementary information within four weeks from the day we receive this data breach notification, decisions will be made based on existing information.

More information about data breaches can be found on our website:

www.imy.se/pui.

On our website you can also find information about how the Swedish Authority for Privacy Protection process your personal data.

The information in the report will become an official document

Everything you report will become an official document. This means that anyone can request access to the document, and the document might have to be disclosed depending on the outcome of an assessment of whether secrecy applies. The decision whether a document can be disclosed or not is always ultimately made by the Swedish Authority for Privacy Protection.

Therefore, we recommend that you only reply to the questions asked not providing more information than necessary in free text. Should you nevertheless choose to provide what you consider is confidential information, the free text field at the end of the form should be used to describe which information this applies to.
